

Dear Montana Skies,

I enjoyed the tone color from the instruments. I liked how the Spanish songs sounded. I enjoyed every thing you did for a performance for us. There was nothing I didn't enjoy about. I loved the Cello the best but, I still liked the guitar too. I also like the song Flamenco.

I learned how you make a cello sound more prettier by wiggling your fingers. I also learned about the differences in guitars and cellos. I'm happy you came and played for us!
